8008 Zürich

### Application for Fee Category „Inactive“

I/we declare not to be acting as a financial intermediary on professional basis during the entire calendar year 2011. Provided that I/we stay inactive during the entire calendar year 2011 the annual fee for 2011 can be reduced to CHF 650.00.

If I/we – contrary to expectations – will become acting as a financial intermediary on professional basis, it is my/our duty according to the Statutes to inform the PolyReg administrative office about that fact at once. In turn the administrative office bills the annual fee 2011 according to the size of my/our enterprise less CHF 650.00 already paid.

I/we note that the above declaration does not exempt me/us from the duty to attend the initial training, from the duty to be inspected periodically or from other duties of the association (e.g. notification of changes etc.). Yet the responsible persons are released from their duty to attend the annual recurrent training within the period of inactivity.

A possible request for deferred audit of the annual AMLA-inspection must be submitted separately.

In order to ensure consideration for 2011 this declaration must be handed over to Swiss Post by the **23rd of December 2010** at the latest (postmark), stamped as A-post.
